H. G. FARRELL'S CELEBRATED ARABIANLINIMENT

IT IS AN ERRONEOUS IDEA that diseases cannot be cured except by taking large quantities of medicines into the | 8. -THE WORLD'S PROGRESS. A Dictionary of Dates, stomach, in a great many cases of which much injury is done, although the disease in point be actually cured. The coats of the stomach by continued use of nauseating mixture, arequently become so much disordered that the discretive function is seriously injured—the result of which is despepsia, nervousness, cholics, alternate diarrhœa and costives flatulence, nightmare, etc., etc. Would it not, therefore, be very desirable to possess a remedy, which being applied externally would excite the absorbents to increased acion, and thus carry off through this medium, the deleterious principle, which is the direct cause of the disease? Surely every thinking man will admit that this would not only be the most pleasant, but by far the safest means to effect the desired end. The almost superhuman cures performed by the Arabiaa physicians in the days of old were mainly effected by this course of treatment, and the ingredients of which IL G. FARRELL'S CELEBRATED ARA-BIAN LINIMENT is composed, are extracted from rare plants peculiar to Arabia, This great Limiment (which is now to be had of most respectable druggists and merchants in every town in the United States) is daily affecting cures which seemed beyond the power of medicine to controlconsumption, bronchitts, and liver complaints in their first stages, nervous affections, indigestion, enlargement of the spleen, scrofulous tumors, goitre, etc., etc., are frequently cured, and always relieved by its use. It is unsurpassed as anodyne -relieving severe pains in a few minutes after its application, it soothes the irritated nerves, and produces that delightful tranquility so grateful to the nervous invalid. Sprains, bruses, wounds, burns, sore throat, chilblains, rheumatism, sun pain, etc., are speedily cured by it, and for nearly all aitments in horses or cattle, requiring an ex- Stratton's warehouse, a few doors below the Union Hall, ternal application, it is an effectual remedy. Look out for Counterfeita!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell' ost dangerous of all the cou-Arabian Liniment, the me feits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects. The gennine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and whole sale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you got it with the letters H. NINETY TOWN LOTS WILL BE SOLD AT AUCTION!

On Tuesday, 15th March, 1853. THE above LOTS are in the town of STEVENSON, at the junction of the Memphis and Charleston, and the Nashville and Chattanooga Railroads, 250 miles from Memphis, 113 miles from Nashville, and 28 miles from Chattanooga, and in Jackson county, Alabama. This place is at the point of Cumberlaid Mountain, situated on the margin of one of the richest valleys of Tonnessee river, and surrounded by forests of the best timber in the Union, and iron and coal to an unlimited extent. The Nashville and Chattanooga railroad has been finished to and past that point from Nashville, and the part of this road between Stevenson and Chattanooga will be done by July next, and the Memphis and Charleston road from this point to the foot of the Muscle Shoals, a distance of 170 miles, is all under contract, and far advanced or finished, and will all be done in 10 to 18 months. The Selma road will enter the Nashville and Chattanooga railroad a few miles beyond Stevenson, and the connection at Chat-

Swan, State Reporter, tanooga with the East Tennessee and Virginia roads, the Georgia, Alabania and South Carolina roads, and the Selma road this side, and with the South-west through the Memphis and Charleston road, connecting with the New Orleans and Nashville, and Mobile and Ohio railroads, and by the Nashville and Chattanooga road to Nashville with all the North and North-west valley of the dississippi, gives Stevenson a most commanding position for a manufacturing and commer-cial point, and justifies, we think, the prospect of a large city. Water, one of the vital necessaries of life, flows out of the mountain at this place in great abundance for all local pur poses, and to supply any number of steam engines; and of the

> This point is healthy, and combines the scenery of Switzerland with the climate of Italy, connecting mountain and valley. The rich lands and minerals, are here in immediate contact, with all these railroads to carry the products of either to market, in any direction.

There is already a thriving little village at this place, all built in a few months, and great desire to buy on the part of parties at a distance. This sale is advertised to give all a chance at public sale, which will take place as above stated, on Tuesday, the 15th day of March next, commencing at 10

o'clock, A. M. This place is, in point of railroad connection, simularly situated to Atlanta, Ga., but much more advantageously, i regard to productiveness of soil and coal and iron, which surround it, and Atlanta, now six years old, has a popula tion of over 6000 of the most thrifty people in this Union. Persons wishing to attend this sale, can reach Stevenson daily by steamboats from East Tennesees, South Carolina and Georgia by way of Chattanooga, and from Alabama by a daily line of steamers from Decatur, and a daily line of railroad cars from Nashville, Tennessee. One-tenth of the purchase money will be required to be

paid down, or a good well secured note at not over 4 months, as may be agreed upon, and the balance in one and two years with a lien relatued on the ground to secure payment. Plans will be exhibited on the day of sale.

Before I had taken up the third hottle, my bleeding had stopped, my cough was gone, and I felt well as usual. My health is now good. I consider it a most excellent medicine and cordially recommend it to my friends. [This statement was made to the proprietors, March 12th, 1850.]
